

FOR IMMEDIATE RELEASE
March 10, 2005

Citizens wear ribbons to support agriculture

Wyoming citizens have the opportunity to show support for agriculture by wearing green ribbons during National Agriculture Week.

Ribbons will be available to the public at county extension offices. These ribbons show support for Wyoming's agriculture industry, and the contribution agriculture makes to Wyoming's heritage, economy, and quality of life.

March 20 has been designated as 'Wyoming Agriculture Day.' This day coincides with National Agriculture Day, and marks the beginning of National Agriculture Week. The public is encouraged to wear green ribbons throughout National Agriculture Week.

This project is sponsored by the Wyoming Department of Agriculture, with help from the Wyoming Business Council, Wyoming Beef Council, Cooperative Extension Service, Conservation Districts, Wyoming 4-H, and the Future Farmers of America.

For more information, contact the Wyoming Department of Agriculture at (307) 777-7321. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available for individuals with disabilities upon request.
